

Information around Akhalkalaki Development Strategy (LDS)

The LDS describes local challenges and focuses on the opportunities for future development via concrete solutions by specific socio-economic, cultural and environmental interventions.

How LDS was Developed

The LDS has been developed using a consultative process and broad involvement of local population, communities, organisations and individuals representing different section of the Akhalkalaki municipality.

Aims of the Akhalkalaki LDS

To improve quality of life, diversify local economy, integrate local population and make the municipality a better place to live.

Extend local income and promote the sustainable development of the local economy.

Improve social integration with a major focus on education, culture, youth and gender equality.

Extend local tourism potential and support the conservation & appreciation of the local cultural heritage.

Improve ecological environment and introduce environmentally friendly practices in the municipality.

Cross-cutting areas

Ecology and environmental protection

Gender and youth

Minorities and integration

Innovation

Popularisation of the national language

The project "Promoting Rural Development in Akhalkalaki" is being implemented in Akhalkalaki Municipality, Samtskhe-Javakheti region, Georgia with the financial support of the European Neighborhood Program for Agriculture and Rural Development (ENPARD II).
